August 24, 2018

Dear Orangevale Families,

I want to start out by thanking all of you for your patience as we get our new communication platform set up and running. Although we thought it would be rather seamless, there were glitches nevertheless.

Some of you received an Aeries Portal Invitation in your email earlier this week. However, it went into many Spam folders, while others did not receive it at all. Another “push” from the system went out again, so if you did not receive it the first time, please check again, including looking in your Spam folder.

Since communication is critical for our families to be kept current on what is happening at the school, CMP Orangevale is utilizing this new system that includes email, voice messaging, as well as texting. The text component does not activate without you opting in for that feature.

On our campus website, there is a link to a video, Parent/Guardian Walkthrough, which gives you more information about Aeries Communications. Below is an email sent out earlier this week if you did not receive or read it already.

Best Regards,

Ms Kim
Kim Aldridge
Principal ~ Orangevale Campus

Aeries Communications is a simple tool that allows for quick, easy and secure engagement with parents, students, and staff.

1. Parents/guardians can customize notification preferences - email, phone calls, and/or text messaging
2. Parents/guardians can respond to direct messages straight from email
3. Parents/guardians can create and receive messages in their preferred language

Next steps:
- Get started right away by logging into the Aeries portal and click on Communications
- Once inside, you can customize your preferences
- Respond Start (or Stop) to the opt-in text message
